

This Buyer's offer is subject to the terms and conditions of a contract between Overseas Military Sales Corporation- OMSC Ltd. (OMSC), and the Navy Exchange Service Command and U.S. Naval Fleets. The Seller, OMSC, d/b/a Military AutoSource (MAS) is the distributor for the eligible manufacturers to the United States Armed Forces.

I. THE PURCHASE ORDER DOCUMENT CONSISTS OF:

A. Buyer's Offer: This is your (the purchaser's) **offer to buy** the motor vehicle and optional equipment listed from OMSC. It becomes a binding contract upon delivery of a written acceptance ("Order Acceptance") from OMSC to you. OMSC is not obligated by this offer until an Order Acceptance is delivered.

B. Order Acceptance: Your Order Acceptance will be mailed to you within thirty (30) days after our independent sales representative receives your offer and deposit or within ninety (90) days prior to your delivery date, whichever is later. Acceptance of stock orders will be contingent on the availability of the vehicle. We will promptly notify you if the selected vehicle is available and an Order Acceptance will be mailed to you after your vehicle has been reserved. Our Order Acceptance will list the motor vehicle model, color, optional equipment, price, the place and date of delivery. If it is not in compliance with your offer as to price, specifications, or delivery date, you must advise us, in writing, within ten (10) days of receipt with any objections. If the objections cannot be resolved, you will receive a full refund of your deposit.

C. Pricing: Your offer will be priced and accepted according to OMSC's Privileged Milquote Price. If your offer is accepted at a price that exceeds the offer price by more than \$100 and you object to this increase in writing within ten (10) days of the Order Acceptance, then you have the right to cancel and receive a full refund.

D. Price Protection: 1. The final price (after discounts and rebates) as shown on your Order Acceptance is the maximum price you will pay (unless factory specifications change making optional equipment mandatory, thereby increasing both content and price). Note: Some rebates are conditional upon the purchaser accepting Manufacturer Financing or other stipulations, such as special equipment requirements, etc. These rebates are not covered by this policy unless the purchaser meets all rebate conditions. 2. OMSC will allow you to rewrite for higher OMSC rebate offers (submit a new buyer's offer) only after both the Privileged Milquote Price for the vehicle and OMSC discount offers have been applied to those prices in effect at the time of the rewrite.

II. PAYMENT

A. All money due must be paid to us before delivery to you or to the military or commercial port for shipment overseas. Payment must be in U.S. funds, drawn on banks located in the United States and should be in the form of money order, certified check or financial institution funds. OMSC cannot accept drafts or checks from internet loan sources.

B. Non-Payment: Purchaser authorizes OMSC to contact their employer with respect to dishonored checks and/or indebtedness resulting from non-payment. Purchaser acknowledges that OMSC has the right to employ the services of a collection agency or vehicle recovery agency in order to obtain funds or seize the vehicle if indebtedness is not resolved.

III. SHIPMENT and DELIVERY

The only warranty shall be that furnished by the manufacturer, which will be provided to you in writing, and to which you will have sole recourse.

2. In the continental United States, warranty repairs must be performed by a **franchised dealer of the Manufacturer**. In overseas areas, the vehicle Manufacturer will honor warranty repairs and adjustment claims provided they are accomplished at the vehicle Manufacturers' authorized dealer or garage. Where an authorized warranty repair facility is not readily accessible, OMSC will only honor receipted bills paid by you for warranty work performed **with prior approval of OMSC**. Such approved repair shall not void the vehicle Manufacturer's warranty.
